

**IN FULL SWING FROM TT EUROPE**

**OPEN CHAMPIONSHIP BIRDIE, BOGEY & WORSE LEADERS**

This month TT compare the Birdie, Bogey & worse leaders from Turnberry.

Birdie Leaders	Bogey Leaders	D Bogey or worse
R Johnson 19	P Goydos 23	M Wright 7
G McDowell 17	B Grace 20	C Campbell 6
S Cink 17	S Appleby 19	L Glover 6

**OPEN CHAMPIONSHIP 2009**

**FACT:**

**TOP 10 = 100% TRUE TEMPER**

**TRUE TEMPER ALWAYS #1**

**RULE OF THE MONTH**

In stroke play, A played from outside the teeing ground and his ball came to rest out of bounds. He decides to play another ball from within the teeing ground. What is the ruling?

*A is penalised two strokes under Rule 11-4b. His next stroke from the tee will be his third.*

**TT LOOK AT SOME OF THE GREAT GRAPHITE SHAFTS THEY HAVE PRODUCED OVER THE YEARS.**

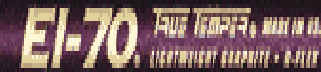

**Prolite**

Prolite 35 is one of the most popular graphite shafts in True Tempers long history, and is still being used by the 3 time major champion and world #17. Prolite 35 features a low torque design ideal for golf's strongest players. The stiff-tip section helps promote a lower, more boring ball flight and makes it the perfect complement for high performance clubheads.

**Blue**

Blue is the first ultra-light shaft designed specifically for today's oversized drivers. Blue's patent-pending Micro-Mesh Tip technology delivers the perfect combination of tip stability and energy transfer. The result is TT's longest hitting shaft ever. Blue is still being played by many of the worlds best, including 4 of the top 20 in the world.

**EI-70**

EI-70's mid-flex design is a favorite among Tour pros because it produces a ball flight that provides longer distance and greater control to hit every fairway. EI-70 Tour flexes are slightly heavier than the original version and have a .600" butt. The EI-70 is available in a .350" tip for club heads with oversize hosel diameters. With over 200 professional victories worldwide including the 2001 British Open Championship, EI-70 continues to be one of the leading shafts on the PGA Tour each week.

**TT 2009 SEASON FACT**

In 2009 True Temper has a 98% win rate on both the European and PGA Tours.

**TRUE TEMPER®**

**THE #1 SHAFT IN GOLF**
