## TRUE TEMPER IS TRUSTED FOR DEBUT TOUR WIN

This week on the PGA Tour the Wyndham Champion captured his first win with Dynamic Gold.

After putting Dynamic Gold with SensiCore into his irons, the 26-year-old champion went on to record an amazing 23 birdies, including a birdie on the third hole of a sudden death playoff, to earn his first PGA Tour win.

Dynamic Gold shafts, designed and manufactured by True Temper Sports, have the most wins of any shaft in the history of golf and that tradition continued this weekend at the Wyndham Championship. This year's Wyndham champion played Dynamic Gold shafts in his irons to capture his first PGA Tour victory.

Professional and amateur golfers throughout their careers rely on products such as Dynamic Gold to win championships. This is why True Temper shafts have 34 victories this year on the PGA Tour, more than all other shaft companies combined.

Featuring a high-flex, tour weight design, Dynamic Gold shafts are the top-selling shaft in golf and are preferred by skilled players seeking a low, penetrating ball flight. Dynamic Gold shafts are available in tapered and parallel irons and parallel woods.
